

GOOD MANNERS WITH TECHNOLOGY

1. Ask before using someone else's phone, tablet, or computer.
2. Be kind to people online. Don't say mean things.
3. Ask before posting pictures of people online. Don't post embarrassing photos.
4. Don't make faces at people while video chatting.
5. Don't use phones, tablets, or games while talking with people in person. It will look like you're ignoring them.
6. Take turns when playing electronic games.
7. Respect the technology time limits that grown-ups have set.
8. Respond to emails from friends and family.
9. Check your spelling and grammar so that your email is clear to the person reading it.
10. Don't use phones, tablets, or games while eating meals.
